JIC SCREW COVER BOXES

Austin JIC Screw Cover (JS) boxes are Underwriters Laboratories Listed and are designed for use as electrical junction boxes, terminal wiring boxes, and instruments housing. They are designed for indoor or outdoor use primarily to provide a degree of protection against windblown dust and rain, splashing water, hose directed water and damage from external ice formation.

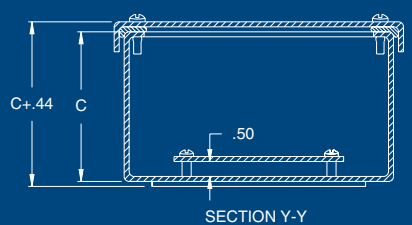

Type 4, 12 & 13 Oiltight Enclosures

Construction:

- Fabricated in accordance with UL specifications from 14 gauge steel.
- Neoprene gasket attached to cover with oil resistant adhesive.
- Cover attached with captivated screws threaded into sealed wells.
- Continuously welded seams ground smooth.
- External mounting feet.
- Enclosures that are 6x4x3 and over are provided with stand-offs for mounting optional panel.
