

L8566

Brand Features

Leviton Pulling Grips are reusable tools for pulling bare conductors, insulated wires, synthetic rope, wire rope, and fiber optic cable. These grips do not damage the cable, as the tension remains uniform throughout the length of the grip. The mesh responds to fit either a single cable or a bundle of cables. Leviton Pulling Grips may be used for pulling cable on overhead or underground applications, for stringing service or communication lines into factories, for pulling wire through conduit, and for underground electrical pulls. Leviton Pulling Grips are woven in galvanized steel for greater strength and longer life. Leviton also offers Pulling Kits that come in a vinyl mat with pockets that can be rolled and tied.

Item Description

Bale Eye, Closed Mesh, Single/Double Weave, Medium Duty, Pulling Wire Mesh Grip
2.00 - 2.49 Cable Dia.Range, Medium Length

Technical Information

Material Specifications

Grip Material: Galvanized Steel

Mechanical Specifications

Duty: Medium

Eye Type: Bale Eye

Mesh Style: Closed

Weave: Single/Double

Bale Length: 12

Mesh Length: 36

Approx. Break Strength: 18,500

Workload Safety Factor (lbs): 3,700

Cable Range: 2.00 - 2.49

Standards and Certifications

Standards and Certifications: CSA

Warranty: 2-Year Limited

Product Features

Device Type: Pulling Grip

Representative image shown.

UPC Code: 07847797452

Country Of Origin: Mexico
