

L8802

Brand Features

Leviton Pulling Grips are reusable tools for pulling bare conductors, insulated wires, synthetic rope, wire rope, and fiber optic cable. These grips do not damage the cable, as the tension remains uniform throughout the length of the grip. The mesh responds to fit either a single cable or a bundle of cables. Leviton Pulling Grips may be used for pulling cable on overhead or underground applications, for stringing service or communication lines into factories, for pulling wire through conduit, and for underground electrical pulls. Leviton Pulling Grips are woven in galvanized steel for greater strength and longer life. Leviton also offers Pulling Kits that come in a vinyl mat with pockets that can be rolled and tied.

Item Description

Flexible/Swivel Eye, Closed Mesh, Multi Weave, Light Duty, Pulling Wire Mesh Grip
.210 - .350 Cable Dia.Range, Standard Length

Technical Information

Material Specifications

Grip Material: Galvanized Steel

Mechanical Specifications

Duty: Light

Eye Type: Flexible/Swivel Eye

Weave: Multi

Mesh Style: Closed

Mesh Length: 14

Bale Length: 4.75

Approx. Break Strength: 1,500

Workload Safety Factor (lbs): 300

Cable Range: .210 - .350

Standards and Certifications

Standards and Certifications: CSA

Warranty: 2-Year Limited

Product Features

Device Type: Pulling Grip

Representative image shown.

UPC Code: 07847797273

Country Of Origin: Mexico
