UPC Code: 07847753578

Country Of Origin: China

Brand Features

Renu in a snap! Renu is the smart new line of decorative electrical products from Leviton. Install Renu and get a fresh stylish look, plus the ability to change the color of any Renu device when you update a room. The Renu line includes switches, outlets, GFCIs, dimmers, and sleek, screwless wallplates, available in 20 designer colors to blend in or contrast with your decor. All Renu RE153 3-way switches are shallow in size, self-grounded*, and have Quickwire, back, and side wiring options for fast, easy installation. The selection also includes single-pole and 4-way switches. Use only with Renu wallplates. *When installed in a properly grounded metal wallbox.

Features and Benefits

- 15A-120/277VAC switch for 3-way applications, available in 20 popular colors to match any décor
- Use two 3-way switches to control light(s) from two locations, ideal in hallways and stairways
- Once installed, Renu 3-way switches can be updated to a new color by ordering an RK15X color change kit
- Switch face easily snaps OFF and ON to change color
- To complete the look, snap on a matching or contrasting Renu screwless wallplate (sold separately)
- Turns the electrical device into a decorative, easily updated accessory
- Shallow size is easy to install in any wallbox
- Self-grounded when installed in a properly grounded metal wallbox
- Back, side and quick wired for fast, easy installation
- Terminals designed to withstand high torque and resist wire pullout
- The selection also includes single-pole and 4-way switches
- Use only with Renu wallplates
