**\*Structured Media® Enclosure End Caps**

**Leviton Extender Brackets** provide an additional 2" of depth and enhanced ventilation within Leviton 28" and 48" Structured Media® enclosures. The brackets attach between the enclosure and the cover to form a 2" deep, louvered frame. The increased depth also allows space for better cable management and for larger modules, such as audio amplifiers, to be mounted within the Structured Media® enclosure.

\*\*Extender Bracket (enclosure sold separately)
