**CADDY**<sup>®</sup> **ARMOUR**

**10-Year  
Limited  
Warranty**

**ar·mour** | 'är-mär |

**noun** | Chiefly British variant of armor.

1. A protective outer layer.
2. A quality or circumstance that affords protection.

**ERICO**<sup>®</sup>

# CADDY® ARMOUR

## Superior Corrosion Resistance

CADDY® ARMOUR provides the highest level of corrosion resistance for steel fasteners on the market today. In fact, ERICO® is so confident in its performance, we are offering a 10-year limited warranty\* on all parts coated with CADDY ARMOUR.

## Excellent Coat Quality

CADDY ARMOUR provides an extremely consistent and even coating. This aesthetically pleasing appearance is particularly important for installations in highly visible areas, such as open ceilings.

## CADDY ARMOUR Innovative Three-Layer Coating System

Innovation is a hallmark of our continuing success. CADDY ARMOUR is the latest CADDY® innovation in coating technology. CADDY ARMOUR is a three-layer coating system that is RoHS compliant.

### Comparative Test Results

To demonstrate the superior corrosion protection of CADDY® ARMOUR, ERICO®'s engineers subjected CADDY ARMOUR and our competition to the same rigorous testing. In order to best simulate real-life application conditions, we conducted comparative product testing\*\* at an outside certified laboratory. Cyclic corrosion testing, a test developed by the automotive industry to simulate

conditions over a period of time, and salt spray testing were conducted to assess coating performance. Fasteners were tested under installed conditions, in order to best simulate actual jobsite application conditions.

The photography below demonstrates product performance after 1,000 hours of salt spray testing.
