

NM200 – Remote Stations and Door Speakers

NuTone® remote stations fill your home with music... indoors and out!

- Use up to 15 remote stations and 3 door speakers
- Talk from any station to all other stations and 'Master'
- Answer door from any station or 'Master'
- Control radio from remote stations; turn on/off, select radio memory channels
- Control music and intercom volume using built-in control

NRS200WH

NRS200 – Indoor Remote Station NPS200 – Outdoor Remote Station

Both Remote Stations are designed for use with the NM200 System. They feature a local volume control, room talk/listen, door talk/listen, privacy button, audio source selection, audio source on/off, source audio volume control and selection of radio memory channels.

NDB300 Series Door Speakers

This line of Door Speakers have a voice communications interface that mounts adjacent to an entry door. Two-way voice communication with the resident occurs through the unit's built-in speaker. The door station mounts recessed in the wall using an NRKR300D Door Speaker Rough-in. This series of door speakers are for use with the NM100 and NM200 'Master' stations only.

Finish Options:

- NDB300AB – Antique Brass finish
- NDB300BB – Bright Brass finish
- NDB300N – Nickel finish
- NDB300WH – White finish
- (All models feature a lighted chime pushbutton)

The NM200 remote stations are designed to work with Category 5 or 5E cable. The door speakers are designed to work with NuTone® NW4S shielded cable. Using these cables enables full system performance and minimizes outside interference, dimmer noise, radio frequency interference and other reception problems. If wire other than NuTone® specified wire is used in the installation of a NuTone® Radio Intercom, the Warranty shall not be applicable to any defects or problems relating to the use of non-NuTone® specified wire.
