

Long-life, energy-efficient blue LED.

Two fluorescent bulbs provide the output of two 75-watt incandescent bulbs.

Transform any room into a unique, calming space.

## NuTone LunAura™ Collection. Transform any room into a unique, calming space.

The transitional design of the NuTone LunAura™ Collection is apparent the moment you see it with a green-tinted light panel suspended below the ventilation fan. When the LED night light is activated, the plate turns blue with a stunning glowing edge. Blue was selected for its calming effect, and with Ultra Silent™ ventilation, NuTone LunAura™ Collection is a perfect way to enhance a spa-like environment. It also provides safety and navigation for nighttime tasks while still allowing you to return to restful sleep. For stunning ventilation in any room, nothing's quite as flexible as the NuTone LunAura™ Collection, because there's never been anything like it.

### NuTone LunAura Collection Fan/Light Features
