Extinguishing Media: Water sprinkler system and fire hose.

Special fire fighting procedures: NIOSH-Approved pressure demand self-contained breathing apparatus. Dike fire areas to prevent oil run off.

Unusual fire and explosion hazards: Heavy dense smoke is generated during burning.

Fire Fighting Instructions:

Fire fighters should wear full protective clothing including a self-contained breathing apparatus. During a fire Carbon Monoxide and/or Carbon Dioxide gases may be present from the decomposition/combustion products. Do not use foam on fires involving electrical equipment.
