JDL Time-Delay Fuse

JDL150

UPC:782634803522

Dimensions:

- **Height:** 1.7 IN
- **Length:** 1.63 IN
- **Width:** 1.63 IN

Weight:.8 LB

Warranties:

- Not Applicable

Specifications:

- **Type:** Dual-element, Time-delay
- **Special Features:** Non-indicating
- **Application:** General purpose circuits with inductive (high inrush) loads, including motor and motor branch circuits, transformer circuits, and lighting loads
- **Amperage Rating:** 150A
- **Voltage Rating:** 600 Vac
- **Interrupt Rating:** 200 kAIC
- **Fuse Indicator:** Non Indicating
- **Packaging Type:** Standard
- **Class:** Class J
- **Quantity:** 5 per carton
- **Number Of Elements:** Dual

Supporting documents: No Data

Certifications: No Data

Product compliance:

- CE Marked
- RoHS Compliant
