and Innovative Fasteners and Anchors

## FENDER WASHER – NYLON

The following Specification Sheet applies to all **Fender Washers – Nylon** in our **JW series**.

| Bolt Size | ID                | OD                 |
|-----------|-------------------|--------------------|
|           | (Inside Diameter) | (Outside Diameter) |
| 1/2       | 9/16"             | 1-1/4"             |

|             |                                                                |
|-------------|----------------------------------------------------------------|
| Description | A flat circular stamping with a centrally located hole.        |
| Application | Assembles around a nylon screw to improve stress distribution. |
| Material    | Nylon                                                          |
