

ITEM# REN21MC

21oz Steel Milled Face/Curved 18” Framing Hammer

The Stiletto REN21MC is a 21 oz. Steel Milled Face with 18 in. Curved Hickory Handle. The Hammer has a straight claw design and Stiletto's signature Magnetic Nail Starter. The REN21MC is made of highly polished stainless finish that won't rust or corrode. Stiletto Tool Company has been synonymous with high quality hand tools dating back to 1849. With its long history and strong reputation, the brand has evolved into the modern day standard for innovative, lightweight, ergonomic, productive and professional tools. We set the standard with our line of premium titanium hand tools that span numerous trades such as framing, remodeling, finish work, siding, demolition, concrete and drywall. Titanium is 45% lighter weight while providing the same striking force and strength as steel. Titanium tools also produce 10 times less recoil shock which helps reduce carpal tunnel syndrome. The combination of these features means less down time, more productivity and most importantly less pain while working.
