
AIR GUARD BRUSH CABLE GROMMET, FLUSH MOUNT, TWO-PIECE ASSEMBLY

OR-BCGFM3X9 | [Ortronics](#)

FEATURES & BENEFITS

Air Guard Brush Cable Grommet, flush mount two piece assembly designed for new installations in data centers to maximize energy efficiency. Designed with a removable back brush that allows for great versatility when floor tiles need to be removed.

Brush cable grommets help to prevent air loss in plenum cooled floors when access holes are required for cable routing through the floor.

- Provides an exceptional seal around cables for an effective and economical solution towards eliminating bypass air through cable cutouts.
- Provides an energy savings benefit by reducing cool air loss while improving the static pressure to cool data center equipment.
- Helps prevent network equipment from overheating.
- Seals cable openings with an overlapping brush and/or EPDM gaskets to help prevent under-floor contamination.
- Floor tiles can be removed without disconnecting equipment.
- Flame retardant ABS polycarbonate material provides a finished look.
